

Back to School Night

Science grade 8

Grade 8

Focus on Earth science:

Water and Atmosphere

Earth's Structure

Earth's Surface

Astronomy and Space

Grading:

Variety of assessments including quizzes, tests, labs and other hands-on activities, classwork, interactive notebook, projects

Interactive science notebook

All students should have a marble covered notebook that will serve as a vessel for notes, some labs, drawings, charts, etc..

Interactive notebook is a self-made companion to in-class work and the textbooks

All assigned work listed in Schoology

Given sufficient and significant notice for tests, quizzes, etc..

Encourage independence and self-advocacy on the part of students

They should reach out to me if they are having struggles and we can partner together to get student on track
