## There's a lot to report at GMA!

In this course, students will become journalists. They will learn how to gather information, organize ideas, format stories for different forms of news media, and edit their stories for publication. In this course, students will re-design and publish the student news website, *The Gwynedd Gazette*. The purpose of this news site is to expand on the daily broadcast and provide a platform for students to share more in depth news with the entire school community.
