

****NEW** Friends of Mercy Club - Thursdays 3:15-4:15PM**

Mercy hearts reach out by joining this new and exciting club. Together, students will help fill our hallways and community with kindness and Mercy love. Two separate clubs offerings:

Grades Kindergarten – Fourth:

This age group will learn how simple and fun it can be to spread Mercy. Maybe it's a simple card to say thank you and remind someone they are appreciated or creating a bag for those who are not well. Or maybe it is caring for a plant so others can see the beauty of the earth, a silly dance that just brings a smile and joy to a classmate's heart, or simply holding the door and saying good morning. Activities will be different each week. They will all be rooted in the Critical Concerns of the Sisters of Mercy and allow students to grow as they learn how much happiness comes when we help others.

Grades Fifth - Eighth

What creative and fun ways do you show Mercy? How can you make others feel happiness in their heart?

This age group will be given an amazing opportunity to bring their creativity and ideas to life. Help us spread endless Mercy and kindness. Members will be ambassadors of Mercy and help to foster and preserve that spirit at GMA. The ideas are endless, and much of this club will be giving the students the opportunity to decide and complete projects they feel passionate about. Through the session we will cycle through the Critical Concerns of the Sisters of Mercy and reach out to both the GMA community and the world around us.

Activity Fee: \$35, covers costs of materials purchased to make donation kits.

Dates: 9/26, 10/3, 10/10, 10/17, 11/7, 11/14, 11/21

If you have any questions, please contact Mrs. Reeves at lreeves@gmaelem.org
